

Style MM220U-50: VR1200 Fabric

0.008" Thick

REVISED: SEPTEMBER 6, 2011

Superior strength and abrasion resistance even at temperature.

BASE MATERIAL

Service Temperature: 1200°F (Continuous)

Melting Point: 2400°F

FABRIC

Weight: 5.90 oz/sq yd

Weave: Twill 1/2

Construction: Warp - 18 ends/in; Fill - 18 ends/in;
Continuous Filament

Width: 50"

Thickness: 0.008"

Sizing Type: AminoSilane

Breaking Strength: Warp - N/25MM >1800; Fill - N/25MM >1800

Moisture Content: <0.30

LOI, also sizing content: 0.40 - 0.60

Combustibility: Pass

UV Stability: 6

Color Fastness: 6
